

We started as a housekeeping company in 2014 and then we have grown since then into a Linen Hire and Property Management Business.

When we started with the laundry side of the business, cater-kwik helped us with excellent advice and attention to detail and provided an excellent delivery service.

Cater-kwik has given us the confidence to grow and the peace of mind that they are always on the other end of the phone.

Just recently we purchased 2 18kg Cater-wash machines, which we are delighted with, delivery was carried out by Josh who was truly delightful and so helpful.

Rebecca from the sales team, has offered excellent customer service throughout, both these members of your team are a credit to the company.

Thank you very much X

Fun fact about HB Services –

We name all our delivery vehicles after characters from Harry Potter, our Fiat Doblo is named Dobby, and also Potter the Peugeot!!
