Product Description

An excellent range of compact ice makers producing clear cubed ice. Fully automatic operation and a generously sized storage bin. Ideal for pubs, clubs and restaurants.

Features and Benefits

- Fully automatic
- Adjustable feet
- Clear cubed ice 20 x 20 x 25mm
- Ice cubes approx. dims. 22 x 22 x 22mm
- Low water consumption
- Easily removable condenser filter
- Minimum water temperature 7°C
- Ice production may fluctuate based on ambient and water temperature
- Drain required (pump needed if drain above outlet)
- Complete with ice scoop, water and drain hoses
- In-line carbon water filter recommended to improve water quality and cabinet efficiency

Technical Specifications

Refrigerant	R404a
Type of Defrost	Hot Gas
Exterior Finish	Stainless Steel
Interior Finish	Plastic
Power Required	13 Amp
Max Ambient	10°C/30°C at 55% RH

We recommend the use of an in-line carbon filter with all Interlevin ice machines. This helps with the efficiency of the machine and improves ice quality and taste.

Inline Filters	Price
