

# INTRODUCING MECHLINE'S BRAND-NEW CATERTRACT+™ GLUE BOARD LED FLYING INSECT KILLERS

## Manage Pests in an Environmentally Friendly and Efficient way

- **Infused Glue board.** Designed to lure insects typically found in commercial kitchens
- **Perfect for Food Prep Areas.** Glue board design removes flying insects discreetly and hygienically. No scattering body parts. HACCP compliant
- **Conforms to International Standards.** UKCA, CE and IEC certified. EMC & LVD accredited
- **Ultra-efficient 6W LED lamps**
- **Advanced LED Technology.** Unlike many entry level LED lamps, this bright LED lamp mimics UVA light (315-400 nm) - the light insects are most attracted to!
- **Shatterproof.** Glass-free lamp comes with sheath for extra level of protection against breakages. Food safe and robust for greater peace of mind
- **Huge Energy Savings.** LED Lamps use 50% less energy than typical UV Lamps
- **Long-Life.** LED Lamps last up to 13,500 hours – twice as long as a typical UV Lamp. Reduces waste and kitchen disruption
- **Meets Regulations.** LED Lamps are made with non-hazardous material. 100% recyclable
- **Effective Insect Attractant**

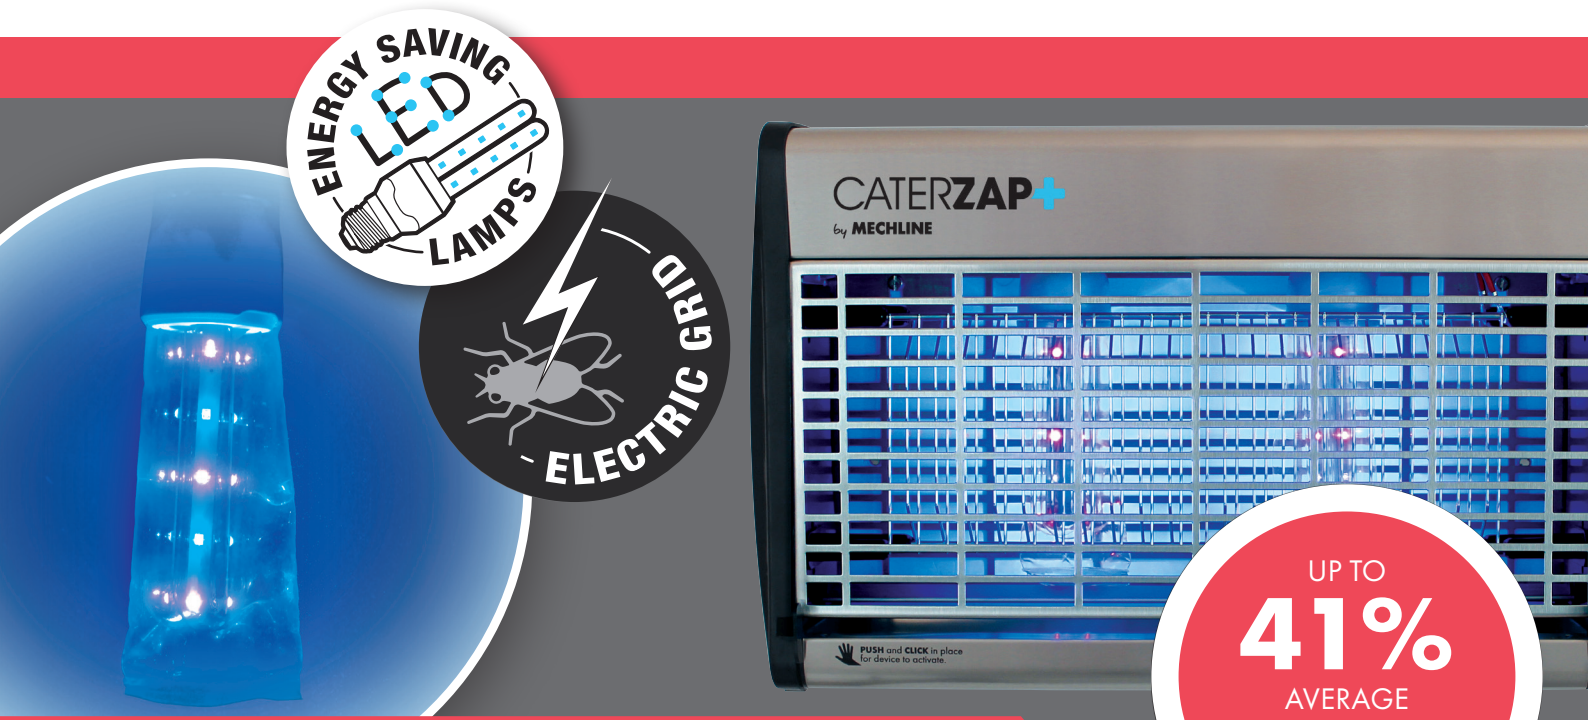

Model	
<b>CTT-LED-20S</b>	Glue board model, 40 Sq M coverage, 6W power
<b>CTT-LED-40S</b>	Glue board model, 80 Sq M coverage, 12W power

All units come supplied with 3 x glue boards. Replacement glue boards are available to purchase in packs of 6.
