## INTRODUCING IX ICE

# CRYSTAL CLEAR ICE EVERYTIME

Upgrade to crystal clear Ice with IX ICE. Designed to improve the Ice's taste, clarity and formulation for better beverages. Our scale-inhibiting technology maximises your ice machine's energy efficiency and overall lifespan.

## INTRODUCING IX ICE

The IX Ice has been designed to treat your water for clean, clear ice that perfectly compliments the look and taste of your drinks. Optimise the quality of the ice you produce whilst protecting and extending the life of your equipment, using our tailored mix of scale inhibiting filter media.

## SPEC SHEET

MODEL	CAPACITY*	DIMENSIONS (mm)
Small	40,634 Litres	317 High X 167 Dia
Medium	88,246 Litres	406 High X 167 Dia
Large	154,430 Litres	580 High X 167 Dia

\* This capacity is with bypass settings 0.

- Working pressure 1.5 - 6 Bar\*\*
- Water inlet temperature 4 - 30°C
- Only connect to a cold Food-Safe water supply
- Flowrate - 4 litres per minute

\*\* A pressure-reducing valve is recommended if the working pressure is greater than 3.5 bar.

## THE IX HEAD

The bypass on the iX Head when attached to the iX Ice filter, must be set to 0 to ensure no hard water is dialled back into the water supply.

Features a 5-stage filtration process that includes: Prefiltration, Silver Activated Carbon, sediment reduction, Media specific water treatment, Fine filtration.

Operates in a vertical or horizontal position

The iX Head has a built in easy to use flush valve and quick to change variable bypass.

Head connections inlet / outlet  
3/8th push-fit

Easy and quick change of the refill

# WE'RE REGENERATING THE MANGROVES

## NATURE'S **CARBON** FILTER

The mangroves are vital to tropical ecosystems and serve as nature's coastal carbon sinks. Between the land and ocean, they protect beaches, enrich marine life and capture 5-10 times more carbon than terrestrial forests. We're helping rebuild mangroves throughout Asia and Latin America with our commitment with Tree App.

## ONE TREE **PLANTED** FOR EVERY FILTER RECYCLED

Support the mission and help the planet. For each filter you purchase, we're planting a tree with One Tree Planted – making a difference, one filter at a time.

# WE'RE **FIXING** WATER

## OUR INDUSTRY LEADING UK RECYCLING PROGRAMME

We are now able to recycle and re-purpose ALL types of plastic and aluminium water filters using our newly operational recycling facility in the United Kingdom.

## RECYCLING & REGENERATION

We've optimised every component and stage of the water filtration process. An unprecedented 98% of an IX filter can be re-used or recycled – including the resins which are infinitely rechargeable.

We have created robust processes to get used water filters, including other manufacturer's filters, back to us for reprocessing and to give the plastic and resin a new life as a brand new product
