

Reference number: OSCC102/N OSCC102/P

iCookingControl® - 7 operating modes

Function - Automatic-Mode

iCookingControl with the 7 applications for meat, poultry, fish, side dishes, egg dishes & baked goods. Finishing, to easily enter the desired result with automatic adjustment of the ideal cooking path.

Combi-Steamer mode

Steam between 30 °C and 130 °C

Hot-air from 30 °C-300 °C

Combination of steam and hot-air 30 °C-300 °C

HiDensityControl®

Patented distribution of the energy in the cooking cabinet

iLevelControl ILC

Mixed loads with individual monitoring of every rack depending on the type and quantity of the load as well as the number of door openings.

Efficient CareControl

Efficient CareControl recognises soiling and scale and removes it automatically.

Specification

SelfCookingCenter® 102 G (10 x 2/1 - 20 x 1/1 GN)

- · Cooking appliance for automatically cooking (Automatic mode) meat, poultry, fish, side dishes/vegetables, egg dishes/desserts, bakery products and for automatic finishing. With an intelligent system for optimising mixed loads in production and in à la carte service as well as a fully automatic cleaning and care system.
- Hot-air steamer (combi-steamer mode) conforming to DIN 18866 for most of the cooking methods used in commercial kitchens for the optional use of steam and hot-air, individually, in succession or in combination.

Working safety

- Detergent and Care tabs (solid detergents) for optimum working safety
- HACCP data output and software update via the integrated Ethernet and USB port
- Safety temperature limiter for steam generator and hot-air heating
- VDE approved for unsupervised operation
- Maximum rack height 1.60 m for use on an original base cabinet Integral fan impeller brake
- Door handle with right/left and slam function

Operation

- Remote control function for appliance using software and mobile app iCC-Cockpit graphically supported overview of the current cooking chamber climate, the expected progress of the cooking process, review and forecast as well as options at the end of cooking
- iCC Messenger informs on current and automatic adjustments to the cooking process
- iCC Monitor Overview of all automatic adjustments to the cooking process
- 9 self-configurable, user-specific operating display (images, text, etc.)

 Record mode Determination of the ideal cooking path for calibrated products using the core temperature probe for subsequent use without a core temperature probe, with automatic consideration of load quantity
- Self-teaching operation, automatically adapts to actual usage
- 8.5" TFT color monitor and touch screen with self-explanatory symbols for ease of operation
- Control of multiple appliances from one appliance control panel (appliances must be connected via a
- · Application and user manuals can be called up on the unit display for the current actions

Cleaning, care and operational safety

- Automatic cleaning and care system for cooking cabinet and steam generator works regardless of the water pressure supplied
- 7 cleaning stages for unsupervised cleaning and care even overnight
- Automatic cleaning and descaling of the steam generator
- Automatic cleaning prompts indicating the cleaning stage and volume of chemicals in relation to the level of
- Soiling and care status are displayed on the monitor
- Diagnostic system with automatic service notices displayed
- Self-Test function for actively checking unit's functions

Features

- Rear-ventilated triple-glazed cooking cabinet door, two hinged inside panes (for easy cleaning) with a special heat-reflecting coating
- LED cooking cabinet and rack lighting energy-saving, durable and low-maintenance
- Optical rack signalling function
- Core temperature probe using 6 measuring points with automatic error correction. Positioning aid for core temperature probe included
- Climate management humidity measured, set and regulated to one percent accuracy. Actual humidity in the cooking cabinet can be set and read on the control panel in Combi-Steamer modes
- Individual Programming of at least 1200 cooking programs with up to 12 steps
- Humidification variable in 3 stages from 86°F–500°F (30°C–260°C) in hot air or combination
- Integrated Ethernet and USB port
- High-performance, fresh-steam generator with automatic descaling
- Dynamic air circulation in cooking cabinet with reversing wheel fan with 5 fan speeds, programmable
- Integral, maintenance-free grease extraction system with no additional grease filter
- Operation without a water softener and without additional descaling
- Separate solenoid valves for normal and soft water
- Cool-down function for fast cabinet fan cooling
 Automatic adaptation to the installation location (height, climate, etc.)
- Removable, swivelling hinging racks (distance between rails 2 5/8" / 68 mm)
- Material inside and out 304 (DIN 1.4301) stainless steel
- Hand shower with automatic retracting system
- Fixed waste water connection conforming to SVGW requirements where permitted
- Demand responsive energy supply (specific energy consumption is displayed for each individual cooking
- Lengthwise loading for 18"x26" or 2/1, 1/1 GN accessories
- 5 programmable proofing stages
- Automatic, pre-selected starting time with adjustable date and time
- Optical rack signalling function

Other voltage on request!

- · Recommended left hand
- side of the unit
- · Installations must comply with all local electrical, plumbing and ventilation codes

- Security version/prison version
- Left hinged door
- Integrated fat drain
- · Potential free contact for operation indication included
- · Interface Ethernet
- Safety door lock
- Sous-Vide core temperature probe
- Externally attached core temperature probe
- 3 externally attached core temperature probes for iLevelControl applications
- · Mobile oven rack package
- Lockable control panel
- Connection to energy optimising systems + Potential free contact for Mobile plate rack operation indication included
- Special voltages
- · Control panel protection

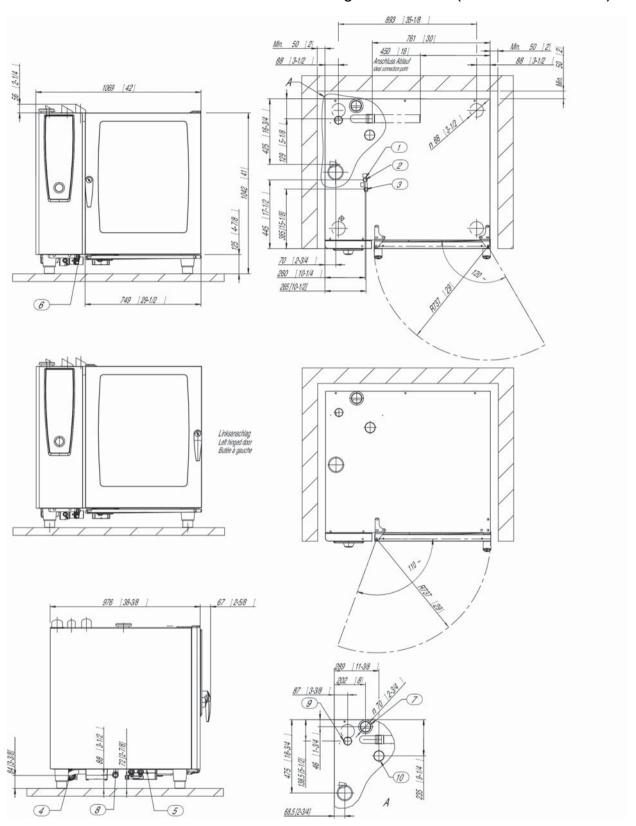

- GN Containers, Trays, Grids
- Stands / Cabinets
- Stand I / Cabinets IV
- Thermocover
- Transport trolley for mobile oven rack and mobile plate rack
- KitchenManagement System
- Superspike (poultry grids), CombiGrill®
- Heat shield for left hand side panel
- Special Cleaner tablets and care tabs
- Draft diverter with silencer
- Grease drip container
- Catering kit
